Description of Request/Nature of Emergency:

The County of Los Angeles Department of Beaches and Harbors (DBH) requests the emergency closure of the Avenue A access ramp located at the intersection of Avenue A and Esplanade. The County recently completed an engineering study that found the existing path, railing, top and bottom landings, and the concrete masonry unit (CMU) wall that compose the ramp to be in very poor condition and recommended closure for public safety.

Cause of the Emergency:

Deterioration of access ramp, creating a public safety hazard.

Remedial, protective, or preventative work required to deal with the emergency:

The emergency condition requires that the access ramp be temporarily closed for public safety, which will temporarily affect public access to the beach at this location. Los County Department of Beaches and Harbors will apply for a Coastal Development Permit to repair the damaged ramp.
