Hello Mr. Reyes,

Can you transmit the following email and attachment as Blue Folder Items to commissioners in advance of the joint PW&SC and Budget & Finance Commission on 4/28 at 6 pm?

Thank you!

Good afternoon commissioners,

On behalf of [South Bay Forward](#), we would like to extend our sincere appreciation for your dedication and commitment to the community. We thank each of you for your willingness to serve.

We are an advocacy organization moving the South Bay region forward on housing, transit, and active mobility. We believe that regional coordination on these areas, as well as city-level policymaking, planning, and funding are crucial to a more affordable, accessible, and sustainable region for people of all ages, incomes, and backgrounds. Our membership includes nearly 100 engaged constituents in all five districts of Redondo Beach focused on working alongside community and city leadership to improve safe mobility and build a thriving and welcoming city. We recognize and appreciate the work you have already done towards these goals.

We have developed a list of priorities for policies, programs, and funding for the city and look forward to working on projects of shared interest, which we have shared with the city council and attached here. We ask you to consider including these recommendations in your upcoming strategic planning recommendations, commission meetings, and communications to city council.

We believe these priorities, if advanced, will improve quality of life for all Redondo Beach residents. We hope to engage with you and your fellow commissioners to discuss these priorities and opportunities for collaboration on these critical issues. You are invited to request books from our [Urbanism Lending Library](#) on any number of subjects related to planning, sustainability, and cities.

We also welcome the opportunity to schedule a meeting to introduce you to our organization in more detail and learn about your priorities for Redondo Beach. Please feel free to reply here or send an email to [REDACTED] to arrange a time to connect.

We look forward to working with you on a safe, vibrant, and sustainable future for Redondo Beach and the South Bay. Thank you again for your leadership.

Sincerely,

Alex Fineman, District 3
Redondo Beach Lead
