Subject: BLUE FOLDER ITEM.....DOG POOP, PUBLIC HEALTH & DOMOIC ACID PROBLEMS

CAUTION: Email is from an external source; Stop, Look, and Think before opening attachments or links.

Greetings. I'm a 50-year resident of Redondo and regularly walk on the Strand (Pier to RAT Beach).

On today's walk 10am-noon, my friend and I came across literally dozens upon dozens of piles or smashed dog poop -every few feet — near the sand area (and in Veterans Park).

We also came across numerous dogs on the strand (leashed...being walked by their owners).

As you must know, we are in a dire toxic Algal Bloom situation that is causing public health concerns due to bacterial levels...and killing sea mammals..., in large part, caused by toxins going into our runoffs and out to the ocean.

I respectfully URGE our City to be good stewards to our City and our ocean waters/sea life and establish poop clean-up detail by the appropriate department(s), visible enforcement officers, hefty fines an/or other more stringent measures to prevent this source of toxic material going into our ocean.

Please treat this as an URGENT matter. The Marine Mammal Care Center is already maxed out of resources to help sick and dying sea mammals.

I applaud our City for recently donating to the MMCC...but we can do better by not adding to this growing problem.

Thank you.

Kathy McLeod

Subject: PUBLIC COMMENT - ALL AGENCIES Re: CPRA - Hill Burton
Date: Thursday, May 15, 2025 5:20:30 PM

CAUTION: Email is from an external source; *Stop, Look, and Think* before opening attachments or links.

Please see attached.

The only obligation that BCHD/SBHD has ever had to provide ANY service to NON-RESIDENTS was vacated when the termination of the emergency services at the Hospital. Under the Hill-Burton Act, SBHD accepted a 100% obligation to accept all comers regardless of residency or financial means for emergency services. That obligation has now lapsed.

Dear Mr. Nelson,

Please see below (in red) for the District's response to your public records requests received 5/5/25 that reads:

Provide documents demonstrating if South Bay Hospital District accepted Hill Burton Act regulated funding.

Please refer to "South Bay Hospital District and South Bay Hospital" section on page 7 from the [Historic Resource Assessment](#) posted on the District website.

If you believe we have not correctly interpreted your request, please resubmit your request with a description of the identifiable record or records that you are seeking.

Please note that if records you are seeking do not exist, BCHD has no obligation to create new records, or to obtain records from other sources, unless those sources are considered "prepared, owned, used by, or retained by" by the District.

Please note that the District may not respond to questions or comments included with your request that are not themselves requests for identifiable public records under the California Public Records Act. The lack of response by the District to any such questions or comments,

including follow-up questions and comments, is not an indication of the District's position on any topic or item, and should not be presented as such to any person.

Subject: Public Comment - Mayor, Council, PSC, PWSC - Danger on 500-600 Prospect Ave Frontage from High Speed Accidents
Date: Friday, May 16, 2025 12:44:41 PM
Attachments: [image.png](#)

CAUTION: Email is from an external source; Stop, Look, and Think before opening attachments or links.

Here's an example of a high speed traffic accident on Prospect. Had this same accident happened mid 500-600 block like several others have, the car would have been onto the Prospect frontage road or into a house on Prospect. In this case, a fire hydrant stopped the vehicle. Action needs to be taken sooner than later, including enforcement and barrier discussions.
