It would be really helpful to get an audit of annual CIP booklet calculations for projects. As the Council is aware, the RBPW somehow decided to cost out a 24-foot soundwall BRR3 and that was \$3M. Further, it used a crazy cost estimate. After being vetted and corrected, the amount was about 1/10th that much. I'm concerned as a property owner and taxpayer that we have a systematic set of errors from RBPW on cost estimating. It makes it difficult to advocate for a project when RBPW has its cost wrongfully at 10X. Please refer this to the Finance Director and Commissioners.
