I want to propose the NO U turn next to the school, only on the the 600 block and on the 600 block of Lucia.

The 500 block of Maria does not need nor want a restriction on U turns.

Mr. Winje,

I am a long time resident of Maria Ave. There has historically been issues with the parents dropping off their kids in the day. However, how does restricting Uturns help this and where do people make Uturns? I only see this penalizing the residents when they need to leave their house for work or to go on the other side of the street for street cleaning hours. PLEASE don't penalize the residents on this block. A bigger issue is parents dropping their kids off on wrong side of street and having them run across the street. If limiting Uturns, please make a time limit when the parents are dropping off.....not all day. I like having the school across the street but over the years there has been a lot of decisions made without consulting residents and these have an effect on us. Please encourage the school to be good neighbors. I wanted to attend the meeting tonight but am ill at the time.

Thank you
