

PETITION FOR SPEED CUSHIONS STUDY

INSTRUCTIONS: This petition is required to initiate a study to determine the feasibility of installing speed cushions on a block and does not guarantee that speed cushions will be warranted nor commit the City of Redondo Beach to the installation of speed cushions on the study block. This petition is to be submitted to the City Transportation Engineer within six months from the date of the first signature after being signed by those occupants representing more than 2/3 of the residential units comprising not less than 50% of the street frontage requesting the speed cushion. The votes will be tallied based upon one vote per dwelling unit. Signatures must be dated; undated signatures will not be tallied.

We, the undersigned, desire, agree with, and request the installation of speed cushions on the following block and street:

700
Block

North Juanita Ave.
Street Name

By signing this petition, I agree with the following:

- The final design and location of speed cushions, signs, and/or markings will be determined by the City of Redondo Beach. Speed cushions typically include a bypass for emergency vehicles.
- Speed cushions, signs, and/or markings may be placed in front of my residence. (DO NOT SIGN THIS PETITION if you do not want speed cushions, signs, and/or markings to be placed in front of your residence.)
- Speed cushions may have a direct impact on my travel activities.
- Speed cushions may result in some noise.
- Street sweeping effectiveness adjacent to speed cushions may be reduced.

By signing this petition, I acknowledge that I have read the City's "Traffic Calming – Speed Cushion Installation Process", found at https://www.redondo.org/departments/public_works/engineering_services/traffic_engineering/resources.php or by scanning the QR code.
