Subject: Ceasefire in Gaza
Date: Thursday, March 14, 2024 9:33:09 PM

You don't often get email from [REDACTED] [Learn why this is important](#)

CAUTION: Email is from an external source; Stop, Look, and Think before opening attachments or links.

Dear City Council,

As a resident of Redondo Beach and a father of three kids, I urge you to adopt a resolution demanding an immediate ceasefire in Gaza. Far too many innocent children (more than 13,000) were killed during this war, and the rest of them are being starved to death. Isreal has demolished all schools, hospitals, universities, mosques, and infrastructure and caused immeasurable suffering to all civilians. As humans we all should ask for this war to stop and look for a peaceful resolution to more than 75 years of suffering of the Palestinian people. I trust that our honorable council members will do the right thing and unanimously vote yes for a ceasefire resolution.

Thanks,
Scott

Subject: Urgent Call for Ceasefire Resolution in Response to Gaza Genocide
Date: Wednesday, March 13, 2024 1:47:41 PM

You don't often get email from [REDACTED] [Learn why this is important](#)

CAUTION: Email is from an external source; Stop, Look, and Think before opening attachments or links.

Dear Redondo Beach Mayor and City Council Members,

I am writing to urge the Redondo Beach City Council to adopt a ceasefire resolution in response to the ongoing genocide in Gaza. The escalating violence and loss of innocent lives in Gaza demand immediate action and solidarity from all communities, including ours.

The situation in Gaza is dire, with countless civilians, including women and children, bearing the brunt of the conflict. It is imperative that we, as a city council, take a stand against the violence and advocate for a ceasefire to prevent further loss of life and suffering.

By adopting a ceasefire resolution, Redondo Beach can send a clear message of support for peace and human rights in the region. Our voices matter, and our actions can make a difference in promoting dialogue, de-escalation, and ultimately, a sustainable solution to the Israeli-Palestinian conflict.

I urge you to prioritize this issue and work towards the adoption of a ceasefire resolution in solidarity with the people of Gaza. Let us stand on the right side of history and advocate for peace, justice, and human rights for all.

Thank you for your attention to this urgent matter.

Sincerely,
Huda

Public Comment to Mayor, Council, Planning Commission, City Attorney, Planning Director, General Plan Update Comments

Unlike City of Redondo Beach facilities that are built and operated for the primary benefit of Redondo Beach residents, the residents of Redondo Beach will see nearly no value from BCHD HLC, and will absorb 100% of damages from the facility for the next 5 generations. Detailed computations available by request.

BCHD HLC WILL BE 91% TO 97% NON-RESIDENT/NON-TAXPAYERS OF REDONDO BEACH

HLC Component: PACE 97% Redondo Beach Non-Resident/Non-Taxpayer Enrollees

Service Area: LA County

Demography: **97% non-resident/non-taxpayers of Redondo Beach**

(Enrollees per National PACE Association statistics and US Census 2020)

(Note: BCHD refused to disclose any forecasted PACE information in a CPRA response Fri, Mar 1, 1:51 PM)

HLC Component: allcove Beach Cities 95% Redondo Beach Non-Resident/Non-Taxpayer Service Area

Service Area: LA County SPA8

Demography: **95% non-resident/non-taxpayers of Redondo Beach**

(Service area per BCHD CPRA response Mon, Dec 4, 2023, 11:30 AM)

HLC Component: PMB LLC Assisted Living 91% Redondo Beach Non-Resident/Non-Taxpayer Tenants

Service Area: US, CA, LA County, District Residents

Demography: **91% non-resident/non-taxpayers of Redondo Beach**

(Tenants per BCHD MDS Market Study, Rev 2, Exhibit 3-3 and Page 1-15)

Subject: LTE on P/I FAR
Date: Tuesday, March 12, 2024 8:44:45 PM

CAUTION: Email is from an external source; Stop, Look, and Think before opening attachments or links.

Where were GPAC members in 2022 when the Public/Institutional (includes P-CF) floor area ratios (FARs) were converted from subjective to objective measures? The FARs went from whatever the Planning Commission approves to an upfront, known number as part of the State's guidelines. Apparently many GPAC members were not reading their own meeting documents that were published to the public and the GPAC record.

The FARs were published in the GPAC record as early as March 2022. And the FARs of 0.75 and 1.25 continued to be published and included in the draft plan for every subsequent GPAC meeting. Where were GPAC members that didn't read the FARs? Didn't they read their own committee materials? Complaining two years later that didn't know what their meeting materials contained isn't much of an argument. In fact, it's an admission of their non-participation.

In 2023, the City published the FARs in the Notice of Intent for the General Plan's environmental impact review (EIR). Again, where were the GPAC members? Didn't GPAC bother to review the EIR for their committee's work product? Guess not.

From a practical standpoint, 0.75 for an FAR is appropriate. BCHD and the GPAC members that apparently quit reading their own agenda documents starting in 2022 are acting like this FAR wasn't public record for two years. Clearly it was.

And what does BCHD really want? It wants a 100% private developer to build a 100% private building that's 100-feet above Beryl St. All told, BCHD wants to expand the failed hospital to 792,000 square feet. That's larger than every house in Beryl Heights added together. With an FAR of 0.75, BCHD can maintain the campus size it has, and if it wants to modernize, it can either upgrade the existing buildings, or demolish and rebuild them.

Let's hear no more nonsense about the FAR being hidden. GPAC members had an obligation to read their own draft plan and the meeting materials. And if they didn't, then shame on them. The record speaks for itself.

Mark Nelson

<https://www.stopbchd.com/post/bchd-cannot-be-allowed-high-density-development-for-it-s-non-resident-project>

BCHD CANNOT be Allowed HIGH DENSITY DEVELOPMENT for it's NON-RESIDENT PROJECT

80% to 95% NON-RESIDENTS/NON-TAXPAYERS DO NOT DESERVE OUR TAXPAYER OWNED LAND!

BCHD is seeking to build a 792,500 sf "Healthy" Living Campus for 80% to 95% non-resident/non-taxpayers of the District that founded and funded it.

THE ONLY REASON BCHD WANTS HIGH DENSITY DEVELOPMENT IS TO SERVICE NON-RESIDENTS!

That's an UNDISPUTED FACT from LA County Public Health data, BCHD's MDS Market Study data, and the National PACE Association data.

PACE - 95% NON-RESIDENT/NON-TAXPAYER ENROLLEES

The National PACE Association data shows that **only 1-in-1,000 seniors uses a PACE facility**. There are fewer than 17,000 seniors in the District, meaning that the District only needs facilities for 17 PACE enrollees. Yet, BCHD's investment bankers plan to build for 400 enrollees - **95% OF PACE ENROLLEES WILL BE NON-RESIDENT/NON-TAXPAYERS**

ALLCOVE - 91% NON-RESIDENT/NON-TAXPAYER SERVICE AREA

ALLCOVE is unfunded beyond 2025 and the ALLCOVE building must operate for a minimum of 30 years. THIS IS ALL AT DISTRICT TAXPAYER RISK!

BCHD contracted to provide ALLCOVE to all of LA County Department of Public Health's SPA8 area. That's from Avalon to Long Beach and is 1.4M population. The District is only 120,000 population - **91% OF ALLCOVE'S SERVICE AREA ARE NON-RESIDENT/NON-TAXPAYERS**

ASSISTED LIVING - 80% NON-RESIDENT/NON-TAXPAYER TENANTS

BCHD paid MDS to conduct a zip code level market study and 2 follow-up studies. MDS stated that 30% of all

tenants will be from outside the entire area (rest of California, rest of US, etc.). MDS's Exhibit 3-3 shows that the majority of assisted living tenants will be from Palos Verdes with only 20% total from District zip codes. **80% OF ASSISTED LIVING TENANTS WILL BE NON-RESIDENT/NON-TAXPAYERS**

FACT: BCHD's 792,500 sf proposed NON-RESIDENT project is larger than all Beryl Heights homes added together!

FACT: The District was Founded and Funded for the Benefit of "Residents who Reside" in the District

FACT: ALLCOVE's Service Area is SPA8 with 1.4M Population

FACT: 80% of ASSISTED LIVING are Non-Residents

Subject: PUBLIC COMMENT - BCHD's ONGOING FALSE CLAIM ABOUT RB GENERAL PLAN
Date: Friday, March 15, 2024 1:04:14 PM

CAUTION: Email is from an external source; Stop, Look, and Think before opening attachments or links.

NO. Redondo Beach did NOT only place a 0.75 floor area ratio (FAR) on the BCHD parcel. THAT IS SIMPLY FALSE and BCHD continues to email out that false claim over and over.

All Public/Institutional (P/I) zoned land was designated 0.75 FAR except for a limited area of City-owned land that is held for development for the BENEFIT of CITY OF REDONDO BEACH RESIDENTS. All other similarly zoned P/I land, including the failed South Bay Hospital campus (assumed by BCHD) was zoned for 0.75 FAR.

Why would the City take this action? It's quite simple. The taller, larger and denser a development is, the more damage to surrounding health, quality-of-life, and property values it creates. That's a development fact. By limiting the FAR to 0.75, the City is protecting the health, quality-of-life, and property values of surrounding residents. In the special case where all the benefits of municipal development accrue almost exclusively to residents of Redondo Beach, the City increased the density of development to 1.25 FAR.

This isn't just about BCHD. But even if it were, BCHD's Healthy Living Campus is for the benefit of a supermajority of non-Redondo Beach residents. The HLC is 91% to 97% non-residents of Redondo Beach. So quite clearly, the damages of dense development overwhelm any benefits to nearby Redondo Beach neighborhoods as BCHD develops to house 91% non-RB resident tenants in the assisted living, 95% non-RB resident participants in allcove and 97% non-RB resident enrollees in PACE.

The City must create objective standards for development. The prior standard is no longer acceptable, and it was loosely "whatever the Planning Commission decided". That could have been an FAR of 0.1 to 2.0 or higher. Now, the FAR is 0.75 for all P/I development except a limited amount of City-owned land to be developed for resident benefit.

This is a Redondo Beach General Plan for the benefit of Redondo Beach residents. The City has no obligation to make any concessions to commercial developers like PMB LLC as they consume our precious P/I land on the BCHD campus for 95 years. We need local, not regional benefits in exchange for the give generations of residents who reside in Redondo who will be denied use of taxpayer owned land by BCHD as it services a supermajority of non-residents of the City.

CAUTION: Email is from an external source; Stop, Look, and Think before opening attachments or links.

Public Comment: Redondo Beach and Torrance Mayors, Councils, Planning Commissions, Planning Directors, City Attorneys

REDONDO BEACH PROPERTY WITHIN 1/2-MILE OF BCHD SUFFERS \$74M DEVALUATION

Based on econometric modeling of real estate data, **Redondo Beach residential property within 1/2-mile of the BCHD campus has suffered a \$74M value loss** as of 2020 data. With the run up in property values overall during the subsequent years, that loss to local property values likely exceeds \$100M in Redondo Beach alone. Torrance neighborhoods likely have similar value losses, however, due to the RBMC, it is unclear if Torrance property values matter.

The data below shows a house by house econometric model estimate of the damages. These amounts represent the value increase of the same property if BCHD were not present, or if the property was located more than 1/2-mile from BCHD in Redondo Beach.

The results are posted at <https://www.stopbchd.com/post/redondo-property-values-within-1-2-mile-of-bchd-show-estimated-74m-value-loss> also.

BCHD WILL NOT, DOES NOT, AND CANNOT EVALUATE THE COMMUNITY BENEFIT OF BCHD TO RESIDENTS

Because of BCHD lax practices of evaluating net benefits of programs, we have no method to determine if the homes within 1/2-mile of BCHD receive \$74M in services from BCHD. It seems highly unlikely following 1) the failure of the public hospital in 1984 and 2) the termination of the hospital rental to AMI in 1998. Clearly the 24/7 emergency room was the highest value item on the site.

The BCHD public records response is pasted below. In short **BCHD states "calculating a dollar community benefit for each program is beyond the scope of the District's mission, financial resources and abilities."**

The response of BCHD stating its inability to evaluate community benefits is posted at <https://www.stopbchd.com/post/bchd-can-only-guess-which-programs-have-any-resident-taxpayer-benefits>

BCHD's CURRENT FAR OF 0.73 DAMAGES SURROUNDING NEIGHBORHOODS - INCREASES WOULD CAUSE FURTHER DAMAGES TO PROPERTY VALUES

Based on BCHD's CEQA NOP, the current FAR for the site with 312,900 sf is 0.73 which is conforming with the 0.75 FAR in the proposed General Plan. Increases would cause damages to local property beyond the current \$74M level.

See details at: <https://www.stopbchd.com/post/bchd-s-existing-far-is-0-72-with-property-value-damages-of-74m-to-surrounding-rb-residential-proper> including BCHD NOP data.

REDONDO BEACH RESIDENTIAL PROPERTY WITHIN 1/2-MILE OF BCHD HAS REDUCED VALUE OF \$74M

Redondo Property Values within 1/2-mile of BCHD Show Estimated \$74M Value Loss

REDONDO BEACH PROPERTY VALUE IMPACT OF BCHD PROXIMITY

(use CNTL-F to search for you street address or scroll down to see the economic statistical model estimates of the value damage of being near the existing BCHD compound.)

BCHD & PMB LLC MUST ADHERE TO RBMC

RBMC 10-2.2502 Planning Commission Design Review

This code requires that the RB Planning Commission protect property values.

NO COMPETENT REAL ESTATE ECONOMIST CAN CONCLUDE BCHD'S PROJECT EXPANSION PROTECTS PROPERTY VALUES!

THE FACTS ARE DAMNING FOR BCHD & PMB LLC

- 1. Models estimate Redondo Beach Property Values Within 1/2-mile of BCHD Current Compound are Reduced by Over \$70M**
- 2. BCHD Phase 1+2 Project Increases Total SQFT by 254%**
- 3. BCHD Phase 1 Alone Increases the SQFT at 76-feet or taller by over 28,000% (from 962 sqft to 275,000 sqft)**
- 4. BCHD Phase 1 Alone Increases Visual Height by 200-300% Due to Construction on the Site Perimeter (vs. current center-buffered layout)**
- 5. BCHD Phase 2 Will Add an 8-10 Story Parking Ramp Near Prospect & Diamond Homes**
- 6. Redondo Beach Will See Only SMALL Benefit from the Super-Majority Non-Resident Use of the Proposed Compound (RB use estimates range from 3% to 9% of Phase 1 PACE, ALLCOVE and RCFE)**

Redondo Beach suffers the damages for 91% to 97% non-resident benefits

INCREASING THE COMPOUND'S SQUARE FEET, MOVING TO THE SITE PERIMETER, INCREASING SQUARE FEET AT MAX HEIGHT CAN ONLY FURTHER DECREASE PROPERTY VALUES!

BCHDs PLANNED ACTIONS WILL NOT PROTECT VALUES AS REQUIRED!

Analysis shows steep estimated declines in property values near BCHD's existing 312,000 sqft compound. Expansion to 792,000 sqft and 200%-300% increase in visual height coupled with a 28,000% increase in square feet at or above 76-feet WILL FURTHER DIMINISH SURROUNDING PROPERTY VALUES.

Using econometric modeling and data purchased (licensed) from a data supplier that BCHD uses also, the model demonstrates steep value declines within a 1/2-mile radius of BCHD current 312,000 sqft complex. At present, only 962 sqft (0.3%) of the building space is at 76-feet tall as measured from the base of the 514 failed hospital building. The remaining 99.7% is at 52-feet tall or lower.

Based on the estimates of BCHD's vendor MDS, the National PACE Association data, the US Census, and the contract funding for ALLCOVE, 90277 only stands to gain between 2% and 4% of the benefits of the PMC LLC private development and any associated rental space purchased by BCHD. That leave a 96% to 98% NON-BENEFIT of the phase 1 building aimed right at 90277

Phase 1 will increase the BCHD compound sqft at (or above 76-feet tall) by 286-times Phase 1 will be significantly larger and taller than the current neighborhood value-damaging facility. Phase 1 is projected to increase the amount of square feet of space at or above 76-feet tall (measured from the base of the existing failed hospital building) from 962 sqft to 275,000 sqft. That an increase by 28,586% of square feet at or above the current maximum height.

Phase 1 will increase the overall size of the BCHD compound by 37%

The 275,000 sqft PMB LLC building pledges to electively tear down the 514 failed hospital building for seismic causes. Yet, BCHD's consultant Youssef Assoc. stated that Best Practice allows 25 years continued use. If PMB LLC tears down the 161,200 sqft 514 building, then the over compound will increase from 312,000 sqft to 427,000 sqft. That is an increase of 37% over the current property value damaging size.

Phase 2 will increase the overall size of the BCHD compound by 254% from 312,000 to 792,000 SQFT

The current statistically modeled property damages to Redondo Beach residents are over \$70M. That is without BCHD's proposed increase of total square feet by 254% and increase in square feet at or above today's maximum height of at least 28,000% (from 962 sqft to roughly 275,000 sqft at or above 76-feet above the current base of the 514 building).

Phase 1 will increase the visual height of the compound by 200-300%

Because PMB LLC plans to build on the north and east campus perimeter, and BCHD plans an 8-10 story parking ramp at roughly Prospect & Diamond, the final compound development will appear 200-300% taller than the current centered compound tallest 962 sqft Penthouse.

BCHD CANNOT EVALUATE PUBLIC BENEFITS OF PROGRAMS

BCHD can only GUESS which programs have any Resident-Taxpayer Benefits

Are BCHD's Board's "pet programs" aimed at Non-Residents cost-effective for the Resident-Taxpayers that FOUNDED, FUNDED, and OWN the District?

WE'LL NEVER KNOW...

CAUTION: Email is from an external source; Stop, Look, and Think before opening attachments or links.

Please note that we support the proposed FAR for P/I of 0.75 with the exception of City of Redondo Beach development. City development serves a supermajority of Redondo Beach Taxpayers and Residents and therefore, deserves additional development density if required.

Other P/I uses do not. They have no restriction on use for the benefit of Redondo Beach residents, and Kensington, for example services a majority non-resident tenant base on P-CF land.

Please see our website for information.

<https://www.stopbchd.com/post/bchd-s-scheme-for-dense-development-for-non-residents-is-a-non-starter>

BCHD's Scheme for Dense Development for Non-Residents is a NON-STARTER

email PLANRedondo@redondo.org and Support 0.75 FAR for P/I public zoning, except in the case of City of Redondo Beach use, where the benefits accrue almost EXCLUSIVELY to Residents. Let the City have an FAR of 1.25 for RESIDENT BENEFIT.

--

StopBCHD.com (StopBCHD@gmail.com) is a Neighborhood Quality-of-Life Community concerned about the quality-of-life, health, and economic damages that BCHDs 110-foot above the street, 800,000 sqft commercial development will inflict for the next 50-100 years. Our neighborhoods have been burdened since 1960 by the failed South Bay Hospital project and have not received the benefit of the voter-approved acute care public hospital since 1984. Yet we still suffer 100% of the damages and we will suffer 100% of the damages of BCHDs proposal.

Subject: Public Comment: BCHD's Gift of TAXPAYER LAND to allcove - The \$4M lot at Flagler & Beryl
Date: Sunday, March 17, 2024 2:19:33 AM

CAUTION: Email is from an external source; Stop, Look, and Think before opening attachments or links.

Public Comment: Mayor, Council, Planning Commission, City Attorney, General Plan

BCHD Gift of TAXPAYER LAND to allcove - The \$4M lot at Flagler & Beryl

District = 9% of allcove service area, Redondo Beach = 5% of allcove service area

allcove Beach Cities is contracted for services to LA County Health SPA8, an area from Avalon to Long Beach to El Segundo with 1.4M population. BCHD taxpayers are only 9% of that population and Redondo Beach residents are only 5%.

BCHD's allcove Freebie - Fair Market Value Lot = \$4M, Annual Lease Value \$250,000

Despite being only 9% of the service area and having no future funding stream for operation of allcove, BCHD offered to donate control of the lot at Flagler & Beryl to allcove. Neither a sale of the lot, nor a lease were arranged by BCHD to compensate taxpayers.

BCHD Also Signed an Unfunded Agreement to Operate the allcove Facility for 30 Years

In order to receive State funding of \$6M for the nearly \$10M cost of the allcove building, BCHD executed an agreement with the State requiring operation of the building for a minimum of 30 years. There is no funding stream for operations and maintenance of the building.

Why Has BCHD Left District Taxpayers On the Hook for allcove Costs - We're Only 9%

\$4M for the shortfall in allcove building construction costs
\$3M for the 30 year MINIMUM operation of the building
\$??M for the 30 year requirement that the building continue for mental health
\$7.5M for the 30 years of free rent at \$250,000/yr for the Flagler & Beryl lot

It appears that the BCHD Board wanted a PR Win SO BADLY that it indebted District Taxpayers at 100% for an allcove Beach Cities facility and operation when the District is only 9% of the contracted Service Area.
