While I support a gateway artwork at the eastern boundary of Redondo Beach on Artesia, I oppose the purchase of other artwork for installation in the median. Drivers are distracted enough. We do not need to further distract drivers. Let's place artwork on the sides, where they can be enjoyed at a pedestrian pace.

You don't often get email from [REDACTED] [Learn why this is important](#)

I agree with Grace.

In fact, the median encourages speeding on Artesia. Let's eliminate it.

Move the green space between the roadway and the pedestrians and bikers.

That will encourage people to gather on the boulevard and make it a community space which will also promote more commerce.
