

CITY OF REDONDO BEACH

EXEMPTION DECLARATION PURSUANT TO THE CALIFORNIA ENVIRONMENTAL QUALITY ACT

DATE: August 11, 2022

PROJECT ADDRESS: 1328 Aviation Boulevard

PROPOSED PROJECT: Consideration of a Conditional Use Permit to allow the operation of a snack shop with an outdoor seating area that exceeds 150 square feet in size located within a Commercial (C-2) zone;

In accordance with Chapter 3, Title 10, Section 10-3.301(a) of the Redondo Beach Municipal Code, the above-referenced project is Categorically Exempt from the preparation of environmental review documents pursuant to:

Section 15301 of the Guidelines for Implementation of the California Environmental Quality Act (CEQA), which states, in part, that minor alteration of existing private structures involving negligible or no expansion of existing or former use do not have a significant effect upon the environment. Interior or exterior alterations involving such things as interior partitions, plumbing, and electrical conveyances are considered negligible. This finding is supported by the fact that the project consists of reuse of the existing dairy store to a coffee (snack) shop with an outdoor dining area that is larger than 150 square feet in size meets the criteria for Categorical Exemption 15301 under the California Environmental Quality Act.

The subject site is neither located within an area designated as an environmental resource of hazardous or critical concern, nor within an officially designated, state scenic highway, nor within a hazardous waste site included on any list compiled pursuant to Section 65962.5 of the Government Code. The project is not a successive project in the same place that may have a cumulative impact over time nor will the project have a significant effect on the environment due to unusual circumstances.
