Thank you for protecting the public's interest in your letter to the California Water Board for no extension of the AES operation.
I'm looking forward to Parkland.

We're okay with not having fireworks this year due to Corona Virus.

We support whatever you decide in the interest of the public's health.
Our county is the most densely populated in the entire state. We may need to be more patient in opening restaurants and other businesses than rural counties with fewer crowd concerns.
