Sorry if my comment is not in the correct area.

Restaurants will be reopening May 15th. Old Tonys was excited to hear this news but I'm now reading that the pier parking lots will be closed. Open old tonys, but sorry nowhere to park. True or untrue ?

Mayor, Council, All City Officials, Staff,

After viewing last week's meeting, I request that that the City develop a comprehensive code of ethics. I ask again for the City to do the right thing in this regard.

At the same time, I request that the City engage the services of an expert in conflict resolution, something we should have done many years ago.

Could not figure out how to add to my other comment so I apologize for this comment being misplaced. When Old Tonys does open what will be the social distancing rules. Do we seat every other table, today I heard every 4th table. Can you please clarify. Thank you. Love Redondo Beach

So open the pier parking lot at 5pm. Beach goers don't apply and our customers can actually get to our restaurant that's open. Old tonys open, but sorry that you can't get to us

With overwhelming community support to shut down the AES plant this year, why are Redondo Beach Council Members Laura Emdee and John Gran silent?

Perhaps its campaign donations totaling \$2,750 Laura Emdee received from SCE, Bizfed, and Cal Real Estate PAC. Or maybe the \$1,000 John Gran received from AES, and the \$1,000 paid to him from unions supporting AES.

We need the plant closed for the health and wellbeing of all Redondo residents in 2020.

Make this happen by speaking out today.

I thank the Council Members, Mayor, City Staff, Commissioners and Emer. Task Force Members for working together to support what's best for all of us during this extraordinary time. In order to achieve the best outcome for all, you must process changing priorities, make difficult decisions, and take unpopular actions based on the recommendations of public health experts. If we fail to follow your lead, the cost in loss of lives & livelihoods will be much higher, more painful and longer-lasting.

I have a question relating to possibility of using the CDBG funding and process to restore the parking apron at the Reed residence. Is that the plan? Also, I'd like an update on where we are with getting the state law changed to provide an exemption in cases of disability access so this doesn't happen again. Thank you.

In addition to reopening of the beaches the Riviera Village Association Board voted to request the city authorizes

closing of Catalina Ave in Riviera Village to allow for outdoor dining/beverage service with tables spaced 6' apart for social distancing. This would greatly benefit both residents and businesses with a safe alternative to standing in long lines at stores to purchase food.

The topic of commission appointments this topic is the blinking red stop sign of this city council's disfunction. My comment: Don't mess up this year like all the previous years. That goes for everyone on the dais.

There are commission seats that were never re-appointed by the mayor or the council. Those without re-appointment should be, but are not, included in the City Clerk's prepared attachments of commission seats. Please do something about it.

Respectfully,  
Matthew Hinsley
