CITY COUNCIL MEETING January 12, 2021

N.6 DISCUSSION AND POSSIBLE ACTION REGARDING THE PREPARATION OF A PUBLIC AMENITIES MASTER PLAN FOR KING HARBOR

Public comments

To: City Council

From: Mark Hansen
King Harbor Boater

Date: January 12, 2021

Re: **N.6. PUBLIC AMENITIES MASTER PLAN FOR KING HARBOR**

I fully support Staff's recommendation that the City Council request input from the Harbor Commission.

In addition to the public amenities listed in the Administrative Report, the recommendations from the Harbor Commission included recommendations regarding providing boat storage on the AES property and extending the southeastern break wall. Those are copied below.

- Develop and implement a comprehensive, integrated, resident approved plan for the entire Redondo Beach Waterfront (the harbor and pier areas) including the AES and SCE site.
- Provide for mast up boat storage, [and for] large keel boats on trailers, SUPs, powerboats and small craft storage, potentially on the AES property.
- Extend south eastern break wall (the short, inner, pier-side breakwall) to reduce swell and surge in the harbor.
- Repair outer breakwalls and work with the Corps of Engineers to extend the southern breakwall to reduce surge and direct swell impact in the southern area of the harbor.

I recommend that these be considered to also be included in the referral to the Harbor Commission.
