Please do. It allow cannabis retail in Redondo beach. I understand the legalization majority vote, however you do not know the depth of its support. I have talked to many neighbors that only wanted the legalization so that citizens not be jailed for cannabis. However, these are the same people that do. It want retail in their neighborhood for safety reasons.

Let them operate as any other business in any city.

If RB ok's cannabis shops in the city, based on my experience, I recommend:

1. Make sure the shops (2 north, 2 south) contribute to the tax base.
2. Locate them at least one city block from residential areas and schools.
3. Keep business hours consistent with neighbor businesses.
4. Monitor loitering.
5. Have city council members and other decision makers report cannabis industry and lobbyist contributions to them or their fund raisers.

Thanks.

If and when cannabis retailers are allowed to operate in Redondo Beach:

1. They should pay a city cannabis tax.
2. There should be ample, off-street parking for customers.
3. There should be a one city block buffer between the cannabis store and residential neighborhoods.
4. City Council members and other city decision makers should disclose any monies they, or their election fund raisers, receive from cannabis businesses or their lobbyists.

Thanks.

*ATTN: Email is from an external source; **Stop, Look, and Think** before opening attachments or links.*

I am interested in possibly taking my massage career on wheels if there are possible ways to also sell cannabis on the moving spa, I'd like to hear more about that.

I've done massage along with house call visits for almost 20 hrs as well as manage a couple Massage Envy locations in our area. Please let me know if this topic can be addressed?!

Covid really hurt my career and I'm looking to branch out in new ways to get back to work with a bang!

Thank you
T R

Please keep tight local control over any future commercial cannabis establishments planned for Redondo.

Thank you,

Dear City Council,

Cannabis is legal in the state of California - why would we not allow high-end, classy Cannabis dispensaries in Redondo Beach and reap the tax benefits? As is stands, Cannabis is being sold by stores from other cities and being delivered by Eaze.com (among others) to RB.

Seems logical to me - just my 2 cents.

Trevor Henson, PMP

You already know the feelings of the citizens on Clark Lane that went through the experiment of the pot shop on Aviation. NO, NO TO POT SHOPS IN REDONDO BEACH. NEVER AGAIN.

Absolutely do not want an initiative to impose parameters on any commercial sale of cannabis. A city ordinance is preferable if it is going to happen. I oppose vaping products being sold as well as pot shops. Sale of Cannabis for recreational purposes should include no smoking to pollute the air and cause the scent to permeate in public areas. I think it's a bad idea and will invite loitering, and bad influences for our children. Teens will definitely be negatively affected

Hi,

I been resident in the city of Redondo Beach for 30 years I am Totally against retail sales of cannabis in the city limit.
