The VIP's started to return to work in late March after being off since the beginning of March 2020. While we lost two VIP's over the past year due to retirements, we added Avi Franko as a VIP. There are four VIP's who are still off due to the quarantine or other medical conditions. During the quarantine period, we continued to have monthly VIP meetings via Zoom and prior to returning to work in March, we held a Perishable Skills refresher for all the VIP's to prepare them to return to their duties.
